

## **ST EDMUNDSBURY AND IPSWICH DISCUSSION DOCUMENT FOR CHURCHES AND SCHOOLS TO WORK TOGETHER**

Our vision for education is deeply Christian, with Jesus' promise of 'life in all its fullness' at its heart.

In line with the Church of England's role as the established Church, our vision is for the common good of the whole community.

**Church of England Vision for Education**

### **'Growing in God'**

**School** .....

**Our vision is:**

**It is good practice for schools and churches to work together in the best interests of all our children and adults. This is most successful where there is a co-ordinated approach to the Christian life of a school. We have identified five key areas through which schools and churches might work well together to offer more and deeper opportunities for symbiosis.**

### **PRAYER, WORSHIP, ACTIVITIES, CHURCH BUILDINGS, MINISTRY**

**This document seeks to offer churches and schools in St Edmundsbury and Ipswich Diocese a way to further develop the best practices already established in many communities. It is a discussion document to aid communication for the leaders of church and school communities. How it is used is up to you but its aim is to keep to the forefront of everyone's mind the centrality of the relationship between school and church.**

**You could explore one area for ten minutes at each of your next five governor's meetings. That way school and church are represented. By choosing one action to move forward each time you meet you are reviewing and improving your link. At the start of next academic year you can briefly evaluate your progress using the chart at the end of the document.**

## CHURCH BUILDINGS

How can we work together so that children adults and families see the church as their spiritual home?

### IDEAS

What is a spiritual home – Explain!

Use the history of the church for curriculum needs – family history, WW1, Art, Design and Technology etc are obvious but measure the length of the aisles for Maths, describe the church in a poem for English or dance in it for PE!

Invite schools into the buildings lots!

Involve affiliated local groups like scouts and school based clubs too

Teach the stories of the stained glass windows, the people commemorated there, the social history

Link school staff and church members so the priest and HT are not the only links.

Hold holiday clubs – or after school clubs – in church

Create a joint eco approach between church and school – involve the church in school garden development and the children in tidying the church grounds.

Support the curriculum with mock baptisms/weddings etc

Explore the home churches of out of catchment children where these provide different learning opportunities
